Chapter 1: The Fix

1. The Betrayal

Ben Daniels, a respected sports anchor at the number one television station in Philadelphia, thought he knew the game of hockey inside and out. He had covered the Philadelphia Sergeants for years, and he had always been impressed by the team's dedication and sportsmanship. But everything changed when he overheard a conversation between two of the team's star players, Toby Anderson and Oscar Peters.

Anderson and Peters were talking about fixing the upcoming National Hockey Association Finals. They were going to throw the game to the rival New York Rangers, and they were going to make a lot of money doing it.

Daniels was stunned. He couldn't believe that two of the most respected players in the league would stoop so

low. He knew he had to do something, but he wasn't sure what.

If he went public with the information, it would destroy the Sergeants and the NHL. But if he didn't do anything, two of the most respected players in the league would get away with cheating.

Daniels was torn. He knew he had to do the right thing, but he also knew that it would come at a great cost.

Chapter 1: The Fix

2. The Scheme

The scheme to fix the National Hockey Association Finals was hatched in a smoky backroom of a South Philadelphia bar. Little Ray Tortolla, a local mobster with a long history of involvement in gambling and other illegal activities, was the mastermind behind the plot.

Tortolla had been approached by Oscar Peters, the smarmy pro-wrestling mogul who had recently purchased the Philadelphia Sergeants. Peters was desperate to win the championship, and he was willing to pay big money to make it happen.

Tortolla agreed to help Peters, and he enlisted the help of Toby Anderson, the Sergeants' star player. Anderson was a recovering alcoholic with a gambling problem, and he was easily manipulated by Tortolla and Peters.

The scheme was simple. Anderson would intentionally score an own goal in the third period of the deciding game of the Finals, ensuring that the Sergeants would lose. In return, Tortolla would pay Anderson a large sum of money, and Peters would give him a lucrative contract extension.

Anderson was initially hesitant, but he eventually agreed to go along with the plan. He was desperate for money, and he believed that this was his only chance to get a big payday.

The scheme was set in motion, and everything went according to plan. Anderson scored an own goal in the third period, and the Sergeants lost the game. Tortolla paid Anderson his money, and Peters gave him his contract extension.

But the scheme didn't stay secret for long. Ben Daniels, a sports anchor for the local news station, began investigating the rumors of a fix. He eventually

uncovered the truth, and he went public with his findings.

The scandal rocked the city of Philadelphia. The Sergeants were stripped of their championship, and Peters was forced to sell the team. Anderson was banned from the NHL for life, and Tortolla was sent to prison.

The fix was a black mark on the history of professional sports. It showed that even the most respected athletes and organizations can be corrupted by greed.
