Chapter 1: The Unwavering Dream

The hardships of poverty

In the dilapidated slums of a sprawling metropolis, Lina's family ekes out a meager existence, trapped in the relentless cycle of poverty. Their dilapidated dwelling, a cramped and squalid hovel, offers little respite from the harsh realities that surround them.

Lina's parents toil day and night, working menial jobs that barely keep their heads above water. Their backs are bent from endless hours of labor, their faces etched with lines of hardship and despair. Despite their unwavering efforts, they struggle to make ends meet, their meager earnings swallowed by the rising cost of living.

Food is scarce, and hunger is a constant companion. Lina and her siblings often go to bed with empty stomachs, their bodies weakened by malnutrition. The lack of proper nourishment affects their health and

well-being, making them more susceptible to illness and disease.

The dilapidated conditions of their home pose a constant threat to their health. The roof leaks when it rains, and the walls are cracked and crumbling. The stench of dampness and decay permeates the air, creating a breeding ground for disease.

Poverty casts a dark shadow over every aspect of Lina's life. It limits her opportunities, denying her access to education, healthcare, and a safe and stable environment. She is surrounded by despair and hopelessness, yet amidst the bleakness, a flicker of hope burns within her.

Lina knows that education is her only chance to escape the clutches of poverty. She dreams of attending school, of learning and expanding her horizons. However, the cost of schooling seems insurmountable, a distant and unattainable goal.
