### **2. Set Realistic Goals:**

Break down your overall study goal into smaller, more manageable milestones. Setting realistic goals will keep you motivated and prevent you from feeling overwhelmed. Consider the amount of time you have available for studying and set daily or weekly targets for yourself.

### **3. Create a Study Schedule:**

Develop a detailed study schedule that outlines when and where you will study each topic. Consistency is key, so aim to study at regular intervals throughout the week. Include buffer time in your schedule to account for unexpected events or the need to review certain topics more thoroughly.
