

Samuel's New Baby Sister

Introduction

Samuel's New Baby Sister is a book that will help young children understand the basics of nursing. The book is written in a simple and engaging style, with plenty of colorful illustrations to help keep children interested.

Samuel is a curious little boy who is excited to welcome his new baby sister home. However, he soon realizes that he doesn't know how to feed her. He tries giving her a bottle, but she doesn't seem to like it. He even tries giving her some of his own food, but she just spits it out.

Samuel is starting to get worried. He doesn't know how to feed his sister, and he's afraid that she's going to starve. But then, he remembers something that his

mom told him. She said that all babies need to eat is milk.

Samuel goes to the kitchen and finds a glass of milk. He brings it to his sister and watches as she drinks it down. Samuel is so happy! He finally knows how to feed his sister.

Samuel's New Baby Sister is a great book for teaching young children about the basics of nursing. The book is full of helpful information and tips, and it's sure to help children feel more comfortable and confident when it comes to feeding their baby siblings.

This book is perfect for children ages 2-4. It's a great way to introduce them to the basics of nursing and help them understand how important it is for babies to get the nutrients they need.

Chapter 1: Samuel's Surprise

Samuel's new baby sister arrives

Samuel was so excited to meet his new baby sister. He had been waiting for her to arrive for months, and he couldn't wait to play with her and take care of her.

When his parents finally brought her home from the hospital, Samuel was so happy. He couldn't believe that she was finally here. She was so small and so beautiful.

Samuel's parents told him that he needed to be gentle with his sister because she was very fragile. He promised to be careful, and he couldn't wait to hold her in his arms.

Samuel's parents showed him how to hold his sister properly, and then they let him hold her for a little while. Samuel was so proud to be able to hold his baby sister. He couldn't wait to show her off to all of his friends.

Samuel's sister was very sleepy, and she soon fell asleep in his arms. Samuel was so happy to be able to hold her, and he couldn't wait to get to know her better.

Samuel knew that having a new baby sister would be a lot of work, but he was also excited about all of the new adventures they would have together. He couldn't wait to grow up with her and to be the best big brother he could be.

Chapter 1: Samuel's Surprise

Samuel's curiosity and confusion

Samuel was so excited to meet his new baby sister. He had been waiting for her arrival for months, and he couldn't wait to hold her in his arms.

When his parents finally brought her home, Samuel was amazed by how tiny and perfect she was. He couldn't believe that this little creature was his sister.

Samuel spent the rest of the day watching his sister sleep. He was so curious about her, and he couldn't wait to learn more about her.

But as the day went on, Samuel started to get a little confused. He noticed that his parents weren't feeding his sister anything. He watched as they held her in their arms and talked to her, but they never gave her anything to eat.

Samuel was starting to get worried. He knew that babies needed to eat, and he didn't want his sister to starve.

So he decided to take matters into his own hands. He went to the kitchen and got a bottle of milk. He then went back to his sister and tried to feed her the milk.

But his sister didn't want the milk. She pushed the bottle away and started to cry.

Samuel was so frustrated. He didn't know what to do. He wanted to feed his sister, but she wouldn't eat anything.

He went back to his parents and told them what had happened. They just laughed and told him that his sister didn't need to eat yet. They said that she would get all the nutrients she needed from breast milk.

Samuel was still confused, but he decided to trust his parents. He watched as they fed his sister breast milk, and he was amazed to see how much she enjoyed it.

Samuel was so happy to finally understand how his sister was getting fed. He was so relieved to know that she was getting all the nutrients she needed.

Chapter 1: Samuel's Surprise

Samuel's imagination runs wild

Samuel was so excited to meet his new baby sister. He had been waiting for her to arrive for months, and he couldn't wait to hold her in his arms.

When his parents finally brought her home from the hospital, Samuel was overjoyed. He couldn't stop staring at her. She was so tiny and perfect.

But then Samuel started to wonder. How was his baby sister going to eat? He had never seen a baby eat before.

Samuel's imagination started to run wild. He thought that maybe his sister would eat like a bird. He went to the kitchen and found a piece of bread. He crumbled it up and tried to feed it to his sister, but she just spit it out.

Next, Samuel thought that maybe his sister would eat like a cat. He went to the living room and found a bowl of cat food. He scooped up a spoonful and tried to feed it to his sister, but she just made a face and turned away.

Samuel was starting to get worried. He didn't know how his sister was going to eat. He was afraid that she was going to starve.

But then, Samuel's mom came into the room. She saw Samuel trying to feed his sister cat food, and she started to laugh.

"Samuel," she said, "babies don't eat cat food. They drink milk."

Samuel was so relieved. He had been so worried, but now he knew how to feed his sister. He went to the kitchen and poured a bottle of milk. He brought it to his sister and watched as she drank it down.

Samuel was so happy. He had finally figured out how to feed his sister. He was so proud of himself, and he couldn't wait to tell his friends all about it.

This extract presents the opening three sections of the first chapter.
